

passive junction CANopen/DeviceNet Junction Box JBBS-57-E411

- Housing material: Nylon
- Housing color: black
- Protection class IP67
- RoHS-compliant
- CE compliant
- All pins are connected through (1:1)
- The DeviceNet™ supply voltage between pin 2 and 3 (11 ... 30VDC) is displayed via an LED In CANopen this supply voltage is optional.
- Passive junction, 4-port
- Protection class IP67
- 1 × M12 male connector
- 4 × M12 female connector

Type	JBBS-57-E411
ID	6603378
Housing	Plastic, PA, Black
I/O port	Female, M12 × 1
Number of pins	5
Contact carriers	Plastic, PA, Black
Group terminal	Male, M12 × 1
Number of Pins	5
Contact carriers	Plastic, Black
Network protocol	DeviceNet
Electrical properties at +20 °C	
Rated voltage	30V
Current	Max. 4 A
Mechanical and chemical properties	
Ambient temperature (fixed)	-25...+60°C
Ambient temperature (mobile)	-25...+70°C
